Re: Extension to Respond to Request for Information for Bath Iron Works  
Docket No. CWA-308-R01-FY17-22

Dear Mr. Taylor,

On December 9, 2016, the United States Environmental Protection Agency ("EPA") sent a Request for Information to General Dynamics-Bath Iron Works (collectively "BIW"), regarding compliance with the Clean Water Act, as referenced by the docket number above.

On December 20, 2016, you provided, via email, to Jeffrey Kopf, Senior Enforcement Counsel, EPA, a request to respond to the Request for Information according to the following schedule:

1. Enclosure No. 2, Subpart I.  
BIW will respond to Part I of Enclosure No. 2 no later than February 15, 2017.
2. Enclosure No. 2, Subpart II.  
BIW will respond to Subpart II of Enclosure No. 2 by April 1, 2017, with the exception of Subsections e, f, g and h. The response to those four subsections will be provided on the same date as the facilities' revised Stormwater Pollution Prevention Plans are provided to the Maine Department of Environmental Protection, but no later than February 15, 2017.
3. Enclosure No. 2, Subpart III.  
BIW will respond to Subpart III of Enclosure No. 2 by March 15, 2017.

By this letter, agrees to this extension and BIW shall respond to the Request for Information according to this schedule. Please contact Mr. Kopf at 617-918-1796 if you have any further questions related to this matter.

Sincerely,

James Chow, Manager  
Technical Enforcement Office  
Office of Environmental Stewardship
